**Jobox Steel Tool Chest by Delta**

**The Strongest, Most Durable Chest in the Industry!**

**Superior Security**

- **Superior Strength to Resist Break-Ins** - Super strong lids are heavily reinforced to resist pry bars and forced entry. Reinforcements create strength for long-term durability.
- **Bolt Cutter Free Locking System** - Padlock shackles are protected from cutting tools inside heavy duty 12 gauge steel housings. Padlocks cannot be pried out or pulled out of the housing
- **Super-Duty Hinge Resists Forced Entry** - Rugged 14 gauge steel 3/8" continuous hinge with 1/4" steel pin and extra-large 1" knuckles. Staked and welded pin cannot be driven out.

**Rugged Durability**

- **Grip Rite Channels Resist Damage** - Deep recessed grip rite channels reinforce lid and cannot be damaged by passing equipment. Easy to grip when wet or wearing gloves.
- **Rain Drain System Protects Contents** - Wind driven rain entering the padlock housing is drained to the outside of the box. Channeling water away from the interior protects the contents and box from damage
- **Extra-Strong Bottom Bolsters for Heavy Loads** - New bolster design provides the strength of 9-gauge laminated steel for twice the load carrying capacity. Tall 3-3/8" forklift height.

**Improved Safety**

- **Handle Recesses Help Reduce Injuries** - Extra tall and deep recess areas prevent pinched fingers when using lifting handles. Deep recesses protect handles from damage.
- **Heavy-Duty Locking Arms Support Lid** - 1" wide heavy duty steel locking arms resist bending. Arms securely lock lids in open position to prevent accidental closing.

Model No. 656990

**Heavy Duty Chest - Red**

• 48" length x 33-3/8" width x 30" height

Model No. 694990

**Utility Storage Cabinet - Red**

60-1/8" height x 60-3/4" length x 24-1/4" width

**\$389.00**

**\$900.00**

## **JOBBOX Steel Piano Box - Red**

- 60" width x 31-11/32" depth x 49-1/2" height
- Two shelves for storing heavy items
